ADDRESS SERVICE REQUESTED

Help Virginia Democrats Win Republican-Held House Seats!

Adam Ebbin is the senior whip of the House of Delegates Democratic Caucus and is the first openly gay member of Virginia's General Assembly. In addition to his outspokenness against political scapegoating of immigrants and glibt people, he has been an effective lawmaker. He has passed legislation to expand Virginia's Adult Protective Services protections for vulnerable seniors, establish a Virginia Commission on the Prevention of Human Trafficking, increase penalties for intentionally bouncing worker paychecks and protect sensitive consumer information during the auto financing process. Delegate Ebbin's work also established a public defender office for Arlington County. More info at www.adamebbin.com.
